Hunter's Worldwide are doing things today that others will be doing tomorrow.

Western Elevator - Ronan, Montana

Boot Section

- 2. Reinforced slide inspection for easy removal
- 3. Flanged side panels, bolted for extra strength
- 4. UHMW liner and seal to prevent seizing of slide 5. Adjustable side rails for takeup
- 6. (2) Side Inspection doors 7. Hinged peak door

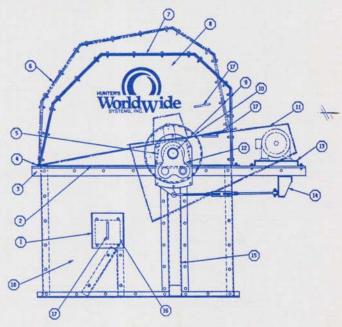

- 8. Heavy Duty Takeup rod
 9. Boot Hopper One with each boot
 10. Heavy Duty "U" Assembly for takeup
- 11. Industrial series ball bearings (Flange type to meet OSHA requirements)

- Boot Pulley balanced to prevent vibration
 Heavy Duty slide plate
 GA Boot size reinforced with angle on all four corners

Researching the market we determined the need for a 200 BPH thru 4,000 BPH in a commercial quality low cost line. We feature single trunking, 12 GA head and boot with 14 GA trunking. The unique design and our manufacturing skills have allowed us to offer you the AFFORDABLE SERIES.

New technology in coating has proven the advantage of coating over galvanized for long wear. We use two coats of zinc chromenate primer and a finish coat of urethane epoxy. Our feature color is blue, but other colors are available. (We completely coat the inside of the bucket elevator.)

Head Section

- 1.(2) Side Inspection Doors
- Water and Dust Seal
 Heavy Duty Bearing Support Angle

- 5. Bearing Rain Cover & Dust Seal
 6. Hinged Bonnet for ease of Inspection
 7. Boltable Upper Cover fabricated of 12 GA Abrasion
- Resistant Steel
- 8. Side Bonnet 12 GA
- 9. Factory Mounted DODGE Drive-Head Shaft stress proofed 10. Head Pulley rubber vulcanized faced, crowned and
- balanced to prevent vibration.
- Drive Guard to meet OSHA requirements
 Industrial type pillow block bearings
- U-Shaped Heavy Duty motor mount
 Torque Arm bracket especially designed for extra strength
